Our Ready to Use Products

We have build AI/ML and DevOps Products, Which you can use to grow your business.

AI/ML-Powered Document Processing

- > Automated Data Extraction
- > Data Classification
- > Entity Recognition
- > Sentiment Analysis
- > Document Summarization
- > Document Search and Retrieval
- > Aadhaar and PAN Card Data Extraction
- > Invoice, Contracts & NDA processing

Audio, Image, and Video Processing

- > Speech Recognition & Noise Reduction
- > Voice Cloning & Synthesis
- > Audio Classification
- > Images Preprocessing & Object Detection
- > Video Processing & Real-time Tracking
- > Video Summarization & Content Moderation
- > Action Recognition

DevOps Automation with RazorOps

- > Cloud Migration & Cost Optimization
- > DevOps Automation & CI/CD setup
- > Container Support
- > Parallel Execution
- > Multi-Cloud & Multi-Platform Support
- > Integration with Dev Tools
- > Real-time Monitoring
- > High Scale Architecture

Cloud Agnostic CI/CD Automation Platform

Razorops is a container native continuous integration and delivery platform to automate your workflow from development to production in a few steps.
